PLEASE NOTE **CHEQUES** or **CASH ONLY**. We have no card machine. SORRY.

It is our policy to socialise dogs by putting them together in one large or a single small paddock. If you disagree with this policy for whatever reason we can keep your dog(s) completely separate. We point out that there is a slight chance that a dog may have a fight, but they are always closely supervised to prevent this, and keep any tiffs to the minimum. There is also the usual chance of picking up worms and parasites which is the same as a any doggy environment on pavements in parks etc.

Whilst every possible care and attention is given to each animal boarded on these premises, we cannot be held responsible for loss, either from illness or other cause.

A Veterinary Surgeon will be called if we consider it necessary; fees to be paid by the owner of the animal.

ALL PRICES QUOTED ARE PER DAY OR PART DAY.

I AGREE TO THE ABOVE CONDITIONS:
