

ENGINUITY 2019: KEY INFORMATION

MANAGING THE GLOBAL BUSINESS

The **ENGINUITY 2019** Competition gives participants the opportunity to experience the challenges that face their corporate management on a daily basis, and pits them against their colleagues and peers in a unique business management challenge.

Using a sophisticated computer simulation, competing teams are given the task of managing a fledgling UK-based **GLOBAL CONSTRUCTION BUSINESS** from 2019 onwards.

Operating in a global economy based upon the 'real world', there are **world events**, economic, political and environmental, that can impact upon the business, and **ENN**, the **Enginuity News Network**, provides the latest world news headlines.

There are jobs, clients, rival competitors, risks and people worldwide, and the success or failure of the business depends entirely on the decisions each team makes in a number of key business areas.

WHY TAKE PART

- To gain a better understanding of how a modern global construction business operates
- An effective team building exercise that develops key business management skills
- Contributes to internal and external CPD, and Professional Accreditation
- A chance to compete against people from other companies and countries

TARGET AUDIENCE

- Construction professionals from any location, UK or Worldwide
- No age limit, but particularly relevant to people in the early stages of their careers
- Diverse jobs roles (Engineering, quantity surveying, project/commercial management etc)
- All sectors (civil, building, structural, highways & transportation, water & environmental etc)

SCHEDULE FOR 2019
